

In the highly regulated, safety-conscious environment of the educational industry, the **Silver Spring Dorm** mattress allows smart choices for today's housing directors. The collection has been meticulously designed and crafted to provide dollar for dollar value while complying with all required regulatory codes.

The **Silver Spring Dorm Collection** includes revolutionary high-tech patented fiber material created in a proprietary process to produce superior mattress quality. It is engineered to meet the most demanding needs, offering strong support and durability for institutional use.

Ideal for use where extended stays in residence/barracks housing facilities are the norm, the **Silver Spring Dorm Collection** features:

- Bonnell innerspring units with heavy-duty gauge wire for firm support
- Fabrics that are fluid-proof, antimicrobial, anti-fungal and stain-resistant
- Green, environmentally-safe, recyclable hi-tech cushioning material;
- State-of-the-art mattress construction for a comfortable night's sleep
- Compliance with all local, state & federal regulatory requirements
- **Flame retardant system** complies with CPSC 16 CFR Part 1633, CAL TB 129 and NFPA 101 Life Safety Code
